

A Fresh Solution

15medium is a design firm catering to small and medium sized businesses in Mississauga, Oakville and Burlington, Ontario. We provide professional website design and CMS systems as well as branding and graphic design solutions for the a multitude of clients.

We offer competitive fees and websites featuring the latest web technologies including Flash animation and Actionscripiting, PHP and SQL databasing. Our highly trained professional designers guarantee that our clients acquire a high quality website that will not only achieve all its objectives, but surpass their expectations.

Not only do we specialise in professional web design and re-designs, internet consultancy and domain names registration, but we also pride ourselves on our internet marketing techniques, including Search Engine Optimization.
